

YANKS ADVANCE ON TWO FRONTS

MANY KILLED IN MUNITIONS PLANT EXPLOSION

FIRST BLAST SHAKES COUNTRY FOR MILES; STARTS BIG FIRES

Many Buildings Are Destroyed; Unable to Give Accurate Figure on Dead; Hundreds Injured

PERTH AMBOY, N. J., Oct. 5.—A warehouse magazine containing large quantities of munitions, one of the few remaining buildings of the T. A. Ammunition company's shell loading plant at Morgan, five miles from here, which was destroyed by explosions and fire last night, blew up at 4 a. m. today. The explosion shook every house in Perth Amboy, South Amboy and scores of other towns, wrecking light buildings and shattering thousands of windows. The flash of the explosion could be seen for miles and resulted in a heavy exodus of people from South Amboy and the throwing of a military guard around Perth Amboy to protect homes from which occupants have fled.

PERTH AMBOY, N. J., Oct. 5.—A young telephone operator was a heroine. With shells bursting around her, she stuck to her post, sending out calls for firemen and doctors. Calmly she gave directions as to the quickest method of reaching the plant. From all directions came hysterical women and children, whose husbands or fathers were employed at the works. Desperately these women and children hurried themselves at the guard, regardless of the danger that lurked in the burning furnace, with its quantities of shells as yet unexploded. The railroad trestle, spanning the station river and leading to the plant, was hit with these figures, who reached the gates of the plant only to be turned back. In the night the fire was still burning at a late hour, but was said to be under control. The property damage has not been estimated.

The structure, first blown up and then a burning furnace, with its quantities of shells as yet unexploded, was hit with these figures, who reached the gates of the plant only to be turned back. In the night the fire was still burning at a late hour, but was said to be under control. The property damage has not been estimated.

The plant, which covers an area of twelve acres, is a complex of many buildings, situated about a central creek. The first explosion occurred in one of these buildings, in which T. A. N. T. was being made, and the flames, spreading to other structures, caused a series of further blasts.

HUNS NOW RESPECT YANKEE FIGHTERS

Consider It Remarkable Feat to Make Americans Waver for Moment

AMSTERDAM, Oct. 5.—The Americans are filling a continually growing amount of space in the battle narratives of the German war correspondents. The former semi-contemptuous references to their scanty numbers or fighting spirit are now rare. They are being taken very seriously.

Roth Schermerhorn and Dr. Koester, who write for the Frankfurter Gazette and the Berlin Vorwaerts respectively, report on the testimony of German soldiers themselves, that the Americans are cool and daring in attack, although at times over-zealous, and despite losses will come on again, as that the British, Westphalians and Alsace-Lorraine troops who engaged them in the recent Argonne fighting reap extra praise for holding out as long as they did.

One Baden regiment is reported to have performed what is claimed to be the remarkable feat of "for a moment causing a whole American division to waver" and was only obliged by fresh reinforcements to hold out.

The American attacks, wherever occurred, are reported as failures by these correspondents. Schermerhorn says that the latest he heard is that Metz, where new governor, Lieutenant General Leguiz, was appointed yesterday.

EXPECT BOHEMIA SOON TO DECLARE ITS INDEPENDENCE

AMSTERDAM, Oct. 5.—The proclamation of independence of Bohemia will be issued shortly, according to the Budapest newspaper.

The members of the new national committee fear neither prison nor death, says the newspaper. "They will have made their own choice and will not be afraid of death."

REPORT BULGAR KING HAS GIVEN UP HIS THRONE

PARIS, Oct. 5.—King Ferdinand of Bulgaria is reported to have abdicated in favor of Crown Prince Boris, who has assumed power, according to a report despatched to the Havas Agency, quoting sources from Vienna.

640 CASUALTIES AMONG SOLDIERS FROM CALIFORNIA

SACRAMENTO, Oct. 5.—There have been a total of 640 casualties among Californians in the various branches of the military and naval service of the United States since America entered the war, according to figures made public today by the state council of defense. The figures have been gathered from various sources, both official and unofficial.

The committee are distributed as follows:

Killed in action, 120; died of wounds, 20; died of disease, 20; deaths in airplane accidents, 15; deaths from accidents and from wounds, 10; missing, 10; prisoners, 10; came home, 10.

COUNTRY RESPONDS SLOWLY TO BONDS

Only 13 Days Left to Complete Mammoth Loan

WASHINGTON, Oct. 5.—The nation is responding slowly to the \$1,000,000,000 Liberty loan, which is due to be completed in 13 days.

The subscription rate of \$1,000,000,000 is being reached at a rate of \$1,000,000,000 a day, according to the figures of the treasury.

The subscription rate of \$1,000,000,000 is being reached at a rate of \$1,000,000,000 a day, according to the figures of the treasury.

AMERICA POURING SUPPLIES OVERSEAS

10,398 Soldiers Landed Daily in France During August

WITH THE AMERICAN ARMY IN FRANCE, Oct. 5.—(By The Associated Press.)—The American supply service reached a high mark in September, overtopping its August record by 10 per cent. American ports handled a daily average of 25,000 tons of freight.

There also was a gratifying increase in landing stock, and there were more than 1,000 American locomotives in operation, while the number of freight cars is more than 10,000. This rolling stock is all used in the great system of transporting men and supplies to the front.

Every day in August 10,398 American soldiers landed at French ports. Munitions and other materials are non-pouring to the front in an endless stream.

day—is to be a Christmas present for President Wilson.

Describing the Argonne fighting, the feature of which was the employment of large numbers of light tanks, Schermerhorn says the Americans thought tank war good sport. The Germans thought it equally good sport to pick them off with tank guns and machine guns and especially with hand grenades.

The American prisoners, Koester says, behave quietly and decently. The officers say, according to Koester, that America had no grudge against the German people, and when asked whether America would have come in if there had been no host war, they shrug their shoulders.

THINK NEW BLOW TO BE STRUCK SOON BY FOCH

May Hit Near Rheims to Pinch Out Local Pocket

ARMIES BEING MOVED QUICKLY

Element of Surprise Is Restored to Battle Strategy

WASHINGTON, Oct. 5.—An advance of American troops in the Argonne fighting west of the Meuse is suggested to some observers here today the possibility that a new French concentration is in progress, and a new blow is to be expected in the near future.

The national plan for the attack, it was said, appears to be the throwing of a new French concentration in the Argonne, where the French lines have already been weakened by the surrender of the St. Mihiel plateau.

REPORT BULGAR KING HAS GIVEN UP HIS THRONE

PARIS, Oct. 5.—King Ferdinand of Bulgaria is reported to have abdicated in favor of Crown Prince Boris, who has assumed power, according to a report despatched to the Havas Agency, quoting sources from Vienna.

EXPECT BOHEMIA SOON TO DECLARE ITS INDEPENDENCE

AMSTERDAM, Oct. 5.—The proclamation of independence of Bohemia will be issued shortly, according to the Budapest newspaper.

NELSON W. LEAVY FRESNO SOLDIER, REPORTED MISSING

NELSON W. LEAVY
Fresno boy reported missing in action.

Nelson W. Leavy, son of Mr. and Mrs. J. W. Leavy, of the Hamilton street, is reported missing in action by the War Department. He was captured by the Germans on the Meuse river, near the village of St. Mihiel, on September 26, 1918.

He was captured by the Germans on the Meuse river, near the village of St. Mihiel, on September 26, 1918.

MORE CITIES IN INFLUENZA GRIP

Reports Show Increase Among Civilians and Army Men

WASHINGTON, Oct. 5.—Spanish influenza continues its rapid spread both among the civilian population and in army camps, reports today to the public health service showed an increase in the number of cases in many army camps, while 1,275 new cases were reported among civilians.

GERMANS MOVING OUT OF ESTHONIA

WASHINGTON, Oct. 5.—The stage of the German retreat from Esthonia is now being reported in this city.

ACCUSED OF MAKING DEFECTIVE SHELLS

KNOXVILLE, Tenn., Oct. 5.—W. W. Oakes, millwright manufacturer and former officer and chaplain of the 1st Tennessee Infantry, is accused of making defective shells for the German army.

CANDIDATE VIOLATES SPY ACT

REARWOOD, S. D., Oct. 5.—U. S. Attorney, candidate for governor of South Dakota on the Socialist ticket, who was tried here on a charge of violating the espionage law, was released today.

LIBERTY BOND SALES

NEW YORK, Oct. 5.—Liberty bond sales for the week ending October 5, 1918, totaled \$1,000,000,000.

TAKE MANY VILLAGES WEST OF THE MEUSE AND IN CHAMPAGNE

Allied Armies Still Striking Heavy Blows Along Entire Front In France

WITH THE AMERICAN ARMY IN FRANCE, Oct. 5.—(By The Associated Press.)—The Americans resumed the attack this morning west of the Meuse and advanced their lines from two to five kilometers. They captured Hill 240, north of the Argonne, with the aid of French tanks. The Americans have taken the important heights of Blamont and the Meuse arm and pressed further northward.

Champagne Advance

PARIS, Oct. 5.—In the fighting in Champagne, the French and Americans have advanced about 1 1/2 miles north of the Argonne, taking a number of villages, according to the French official communiqué.

Yanks at Blanc Mont

WASHINGTON, Oct. 5.—Capture of Blanc Mont and other positions in Champagne was reported today by the American official communiqué.

Leaving Flanders Coast

LONDON, Oct. 5.—The British army is leaving the Flanders coast, according to the British official communiqué.

Take 3,000 Prisoners

PARIS, Oct. 5.—American and French forces in their victorious attack on the Argonne captured 3,000 prisoners, according to the French official communiqué.

Are Close to Lille

LONDON, Oct. 5.—The British army is close to Lille, according to the British official communiqué.

Consider It Remarkable Feat to Make Americans Waver for Moment

AMSTERDAM, Oct. 5.—The Americans are filling a continually growing amount of space in the battle narratives of the German war correspondents. The former semi-contemptuous references to their scanty numbers or fighting spirit are now rare. They are being taken very seriously.

Fresno Soldier Is Victim of Spanish Grippe

John Marshall Harris, of Fresno, became Fresno county's thirty-sixth gold star yesterday when Mayor Toomey received a telegram from Brooklyn announcing the boy's death from Spanish influenza. The telegram said no kin of the boy were known to the government and asked the mayor whether any of the boy's relatives lived here. Young Harris had been removed from a transport and died in a Brooklyn hospital.

Mayor Toomey, after investigation, learned that the boy's mother, Mrs. M. Harris, lives at the Beach apartments here. The mayor told the mother that the government would send the body home to her without cost for burial in the Liberty cemetery here, but the mother said she would prefer to remain here and see her last son. He will therefore be buried Monday in the National cemetery at Brooklyn with full military honors.

22 DRAFT MEN GO TO McDOWELL

Twenty-two limited service men left yesterday morning for Fort McDowell. They were:

Edward Schary, 512 Mason building, Harry H. Eyselmann, 340 O'Farrell street, San Francisco, transferred to Fresno city hall.

Frank Asadoun, 509 K street.

John S. Cates, 61 Van Ness avenue.

Oscar A. Martin, 201 Theista street, Ray S. Simanlan, 175 Valeria street, Lloyd S. Cobb, 431 Portcamp avenue.

Cornelius E. Mahoney, 252 Poplar avenue.

Paul R. Carter, Box 446, Fresno.

The following will report to Fort McDowell from county board No. 1:

Godfrey J. Kuhn, 5701 Belmont avenue.

Norman C. Halverson, Coalinga.

Following are the Fresno county men:

John C. Hammel, 2001 East Fourteenth street, Oakland.

Emil Schweitzer, 516 H street, Fresno.

Gideon G. Hoyle, Sanger.

Harland H. Corlew, corner Blackstone and Weldon avenue.

Marion E. Renshaw, 1235 C street, Reedley.

Stephen Terzian, Selma.

Andrew Cammarota, Chicago.

Harold L. Brewster, Los Angeles.

Clarence Eisler, Eureka.

John E. Lavin, Dallas, Oregon.

Four more Fresno men have been ordered to report for limited service to the commanding officer of the spruce production division, department of aircraft production, Vancouver Barracks, Washington.

They will entrain October 14. The names of the four men have not yet been announced.

SEEK TO HOODWINK PEOPLE OF WORLD

WASHINGTON, Oct. 4.—A desperate by the Kaiser and his advisers to hoodwink the Allies and the German people into a belief in the democratization of Germany is seen by observers here in the appointment of Prince Maximilian as imperial chancellor and Scheidemann, the Socialist, and Groeber, Centralist, as members of cabinet without portfolio.

It is suspected that Germany is about to make a new peace proposal disguised under a most attractive democratic program. With these new names on the roster of the rulers of Germany, the Kaiser might point to them as a realization of his recently announced policy of popular rule.

It is noted, however, nothing is said about relinquishment of power by the military party, or of making the members of the cabinet answerable for their conduct of affairs to the Reichstag.

The new officials, therefore, apparently will be entirely without power as well as without portfolio and the actual control of affairs may be left entirely in the hands of the junkers.

ROOM BURGLARIZED

W. R. Miller of Hanford reported to the police yesterday that his room at the Elms hotel, 2520 Tulare street, had been burglarized and \$5 in money and a watch taken.

STAGE HITS AUTO

While Henry Stevens, a rancher near Fresno, was driving east on Fresno and L streets yesterday evening, his machine was struck by a large stage, but little damage was done, only the fenders and lamps being broken. No one was injured in the collision.

TOO CLOSE TO CURB

O. Timmerman was arrested by Patrolman Tressell yesterday for violating ordinance 311, section 72, by backing too close to a curb at a corner.

FAIR OPEN SUNDAY AUTO RACES TODAY

Today the big auto races will be held at the Fresno District Fair, and tomorrow the gates will be opened to permit those who have not seen the fair, because of the rain, to come and enjoy the exhibits and the various entertainments. Sunday's program will be complete, including the military aviators, the big rodeo and a repetition of the sensational auto smash. Different automobiles have been secured for this event. The fair will be open in every department all day Sunday. Don't forget the auto races today.

The new identification tickets are certain to please the soldier, as they have places for four photographs, as well as for the identification card. Springfield, the Jeweler, Next to the Kinema, has these new tickets for sale.

WHEN YOU WANT A TRUSS

Abdominal supporter go to Smith Bros. Drug Store. They are expert truss fitters and fit the hard to fit. Private fitting room.

\$57.00 FOR VINEYARD TRUCKS, W. J. O'Neill Co., Fresno.

CHESTER H. ROWELL, Editor and Manager

NO PEACE, YET.

It is given out that Prince Maximilian of Baden, the new chancellor of Germany, will announce his peace program in an address to the reichstag today. Austria is proceeding with the conference of belligerents in Holland, also to discuss peace.

Now, neither Germany nor Austria-Hungary, in famous words, is ambitious of ridicule, nor a candidate for disgrace. Neither country is inviting an international snub merely for the humiliation of it. But both countries are perfectly willing to turn the snub to diplomatic advantage, and that is undoubtedly what they are doing.

The masters of Germany are not yet willing to discuss peace, under conditions and upon terms that the Allied world will accept. The peace moves are entirely for home consumption, in a desperate effort to hold up morale. Undoubtedly local reforms will be yielded, an anti-militarist, or at least, a moderate, is made chancellor. The German people are expected to accept these things as an earnest of the real peace intentions of the war lords. It is like the trick familiar in American politics of nominating a nice man, of perfectly correct personal habits, when there is only one issue to meet and what is needed is a man who will meet that issue.

Chancellor Max has already resolved the American reply to whatever he may say. It is simply that we will not talk to you. He represents the very men in the German empire who have been outlawed by the Entente world. Whether the chancellor is personally a "human being" as ex-Ambassador Girard assured us Max is, or whether he is personally a Junker and a militarist, does not so much matter, although the former is much preferable to have to sit down with, but the supreme thing that does matter is how he got to be chancellor and whom he reports on to, to use a phrase once familiar in California politics. Until he is chosen by the reichstag and is responsible to the reichstag, he is without credentials that the democracies of the world will recognize.

A peace chancellor, picked by the Kaiser and Von Hindenburg, is a pure and transparent travesty. But it is hoped that this thin disguise will deceive the German people, just as Austria's peace conference is expected to deceive the people of Austria-Hungary. After their apparent willingness to discuss peace, the home propaganda will get busy with the familiar line of talk: See, it is just as we told you all along. The Entente nations are determined to crush Germany. That was their purpose from the beginning, as we have repeatedly told you. Now you see it for yourselves. We have offered them peace, but they will not even listen to us. The only thing remaining now is the preservation of the fatherland. Nothing but a crushed Germany and Austria-Hungary will satisfy our enemies.

To what extent this will be successful at home remains to be seen. The rulers at least hope that it will carry them through the winter of their discontent. Perhaps it will. It must be remembered that it is not simply the rulers of Germany who are militaristic, but that there is a large proportion of the people who are militaristic—some more militaristic even than the rulers themselves. Many instances of this could be given both before and during the war. The big navy propaganda, for instance, while it might have been secretly encouraged by the government, was at least carried on by private initiative. It will also be recalled that in 1915, when there was serious talk of peace, Von Bethmann-Hollweg was harassed by the Pan-Germans because his supposed peace terms were too mild. They circulated a monster petition demanding the retention of Belgium and much of the southeast of France. And shortly afterward, the famous petition of the Professors was presented, demanding in addition to the Pan-German grabs, the annexation of the Baltic colonies and other lands, as a balance between the industrial and agricultural interests. In addition to this, there is the large popular group, led by Naumann, insisting upon the united Europe grab. And after the Russian debacle, it will be recalled that the reichstag, representing the people, repealed, with little dissent, the moderate peace terms, and repudiated the formula of no indemnities and no annexations.

So that even a moderate, selected by the reichstag, and responsible to the reichstag, is likely to be militaristic and imperialistic enough. But we at least have agreed to talk to such a one. To discuss peace with a creature of the Kaiser and Von Hindenburg is out of the question. It is the idea that the Entente will discuss peace with the latest chancellor due to German cunning or German abjectness.

SUPREME EFFORT.

Fresno's subscription to the Liberty Loan is about one-third placed at the close of the first third of the period designated for making our quota. Mathematically, this is satisfactory progress, but actually it is not. The fact is that most of the subscriptions are already in the hands of the stimulus of the enthusiasm of the opening of the campaign, the pressure came in thick and fast. There is al-

ways a period of reaction and of lull. We are now at that point, and the daily totals are falling far short of what is necessary to put the country over.

It should be remembered that Fresno has been called upon this time to do the biggest thing in its financial history ever asked of it. The time is short, and only a supreme effort every day will attain the result. We must not fail. We must not become discouraged, even if conditions seem adverse. These discouragements only call for a greater effort. We read where the American troops in certain sectors have been slowed down, we hear that they are held, but only to receive the thrilling flash that despite increased enemy resistance, despite difficult ground ahead, despite most formidable defenses, they pushed only for a supreme effort and advanced beyond their objectives. That must be our spirit over here. The greater the obstacle the greater the effort.

THROUGH ANOTHER PORTION OF LINE

WITH THE BRITISH ARMY IN THE ST. QUENTIN SECTOR, Thursday, Oct. 3. (By The Associated Press.)—British forces broke through the entire Hindenburg defense system in the neighborhood of Fresno today. As soon as the break had been made, cavalry forces swept through, being followed closely by "Whippet" tanks and armored cars.

According to reliable reports, the village of Fresno itself was taken soon afterward.

Allied airplanes report that there are only one or two thinly held and hurriedly built trench lines in front of the advancing British.

This is a perfect cavalry country and with this force the British are pushing north and south of St. Quentin are gravely menaced. After the cavalry and tanks had passed into the open country behind the Hindenburg line, infantry and masses of machine guns poured through the break. This force is taking positions and the Germans who have held their lines in the defensive system are in danger of being cut off.

The enemy appears to be in full flight north of the break in the line. Allied patrols have penetrated further into Cambrai from which the Germans seem to be withdrawing.

There was fighting of the most desperate character before the last line of the system was broken. Fresh troops which had not been in the earlier fighting, here were poured into the battle. Prospect Hill, a strong enemy position, was taken by storm.

An immense number of Germans were killed. Many trenches were turned into shambles in less time than it takes to tell it.

Prisoners from 10 German divisions and 41 battalions were captured today. Regiments which came into the line from Flanders and Verdun were identified.

Last available air reports are to the effect that the advancing British troops are six thousand yards beyond the Hindenburg line. Machine guns in large numbers are said to have poured through the breach in the Hindenburg system about motor buses, which used to run on the streets of London. They are able to follow the cavalry closely.

ALLIES NEARING LATERAL RAILWAYS

FRENCH HEADQUARTERS IN FRANCE, Thursday, Oct. 3.—With the progress of the Allies from the Aisne to the Meuse, the Germans are becoming more alarmed over their situation between Rheims and Moronville heights.

Allied forces are daily nearing the lateral railways which permit the enemy to remove his resources from point to point. During the past two days the advance of the Allies has made the route from the Aisne along the Aisne valley useless except by night. His next line of communication is twelve miles to the north.

In this sector, however, the Allies have to deal with the German army, which does not desire to be the first German commander to give the order to retreat.

General Conrad's army had and still has the hardest task of all the French armies. Immense feats of individual courage are required. One French soldier with an automatic rifle captured a complete German field battery. He crept upon the battery position by himself and shot all the gunners.

A lieutenant, a sergeant and a private with automatic rifles took a trench with the prisoners by making the Germans believe they had been outflanked in force.

A tribute to the skill and courage of an adversary was given in the last few days by a mortally wounded German officer, who exclaimed to his French captives:

"You have fought magnificently. You will be in my country by Christmas. As a soldier I congratulate you."

GIANT EFFORTS TO CHECK ADVANCE

LONDON, Oct. 4.—News from all sectors of the western front tells of giant efforts by the enemy to stem the daily advancing tide of battle. The Germans are putting in their best troops and according to all reports, are fighting with the energy of desperation.

Still there is no sign of any great retreat, except the withdrawal in the Flanders sector, where the British have occupied Arras and Lens and are closely pressing the retreating enemy.

In the Somme-Bethune sector the Allied breach in the Hindenburg system was extended today, and the fighting reached the outskirts of Moronville, where the enemy is now with tanks are operating.

The Italian-Germans attack to the retention of this position of the line is indicated by the Frankfurt Gazette which states in order to prevent a French breakthrough, the German command and St. Quentin, General von Boehm's army has been made so strong that it is equivalent to a complete army under the German flag. There is no danger of the line being broken.

At the same time, the German command is making a drive from the Hindenburg line to the west, according to the official German press. In the opinion of the observer, the German command is making a drive from the Hindenburg line to the west, according to the official German press.

Fresno's Yesterdays

Taken From the Files of the FRESNO REPUBLICAN

Forty Years Ago.

BUSINESS ASSOCIATION.—The business men of Fresno met in Magnolia Hall Thursday evening and proceeded to organize a society to be known as the Commercial Business Fraternity Association of Fresno county. The Association starts with a membership of about forty, and its objects are to mutually protect their business interests and to resist prosecution under what is known as the "Sunday Law." A resolution in the effect that all members should share alike the expenses caused by fines and prosecutions, was adopted. The officers are as follows: President, N. Kuttner; vice-president, Geo. Herbrand; secretary, Wm. Fawcett. Branches of the Association will be established at Centerville, Kingsburg, Madera, and Horden, under the supervision of W. W. Phillips, Leo Gundelfinger, N. D. Phillips and H. Levi.

Twenty Years Ago.

The syndicate brewers of San Francisco yesterday obtained control of the agency in this city, which has been controlled by the Huber estate, the late Joseph A. Huber being the agent for the syndicate up to the time of his death. The estate conducted the business after his death. The syndicate brewers have been endeavoring for some time to obtain the agency, but a satisfactory arrangement could not be made with Mrs. Huber until yesterday, she held a five year lease of the agency, which was purchased by the syndicate brewers, together with her other interests. Charles R. Packholder of San Francisco, representing the syndicate, has requested to Fresno to take charge. The syndicate is considering building a new bottling establishment in this city.

Ten Years Ago.

The San Francisco Call quotes the Republican's transcript of Tom Dozer's speech at the state convention and supplements it with this moral from George Knight's speech nominating Gillett at Santa Cruz, two years ago: "Our beautiful city like the heart of man, the muscular action of which no man has yet understood, but when faintness comes and dizziness we find that something organic is the trouble. Quake and fire and flames attacked the very heart of California, the queen of the earth, and she faltered and staggered, and under the curse of the nation and under the zeal and under the patriotism of Mayor Schmitt she is fast returning to her normal state." Really, there should be a collection of these things made, a sort of anthology of oratory, and the state textbook commission should print them, for use in schools, with the label simply "don't," editorial.

QUEEN WEEPS AT RUMANIA'S SHAME

PARIS.—(Correspondence of the Associated Press.)—Queen Marie, Rumania's heroic "Soldier Queen," wept when the gallant Rumanian army was demoralized by order of the Germans; but she declared that it would not be for long that Rumania would fight again.

The disbanding of the army of 300,000 soldiers was one of the stern measures forced upon Rumania by the terms of Germany's humiliating and uncompromising peace treaty. Emperor William of Germany gave King Ferdinand of Rumania just one month in which to strip his army of all its power.

In a great open stretch of land at the foot of the rugged Carpathian mountains, not far from the Austrian frontier, the queen, accompanied by the king and the royal family, reviewed the remnants of officers and soldiers who had fought so bravely during the eighteen months that Rumania faced the four formidable foes that surrounded her.

As each division passed along the line of march, there were repeated demonstrations, shouts of acclaim, and many marks of affection on the part of the troops for their beloved queen, whom they revered with a devotion almost as fervid as that shown to the French soldier for the memory of Joan of Arc.

On the way to the review every inhabitant of the villages through which the queen passed gave her a demonstration so overwhelming and spontaneous that she herself acknowledged later that it was the greatest single tribute she had received at home. The people, since the beginning of the war, there would be no doubt even in the mind of the fiercest pacifist that Rumania's fighting queen had the loyal and whole-hearted support of the entire population in her struggle to stave off a humiliating peace with Germany.

For the most who had fought on the sanguinary field of Marasovo, which is the Gettysburg of Rumania, marched by, each bearing on his breast the coveted "Michael the Brave" medal for gallantry, the queen broke into tears and, turning to the king, who stood beside her, said in a voice that betrayed deep emotion:

"What a tragedy that this magnificent army must lay down its arms! But, please God, it shall not be for long! I repeat it, it shall not be for long! Germany by her misdeeds has crushed the spirit and will of my people. With God's help, we will fight again, and I pray that the day is not far off. My soul will never rest until the honor of the country is vindicated before the eyes of our allies."

As the queen and the king were back and forth in a daze, a group of Rumanian soldiers of Sofia and Constantinople, including officers and their families, are leaving hastily and going through Rumania to Germany, seeking refuge from the fate of about eight miles daily.

There has been no further news as to the attitude of Turkey. It is pointed out that the whole Turkish fleet in the Black sea is manned entirely by Germans, while the Rumanian fleet and the Rumanian army are equipped by Germans and Austrians. There is a report that Pagan is beginning to show signs of making deals with the Allies.

In considering the question of the attitude of Austria-Hungary, the position of Hungary, a strong opinion is expressed that Austria should not be allowed.

Continued. That machine can do the work of a dozen men. Victor (the whole) my wife ought to have married it. Boston Transcript.

When a man is a pacifist, he never gets a piece of a battle. Well, you'll never get such a piece at the Liberty Loan drive.

A CLEAN SWEEP IN MISSOURI.

The word "sweep" has a double meaning. It means to sweep the dirt out of the house.

It also means to sweep the dirt out of the house.

It also means to sweep the dirt out of the house.

It also means to sweep the dirt out of the house.

It also means to sweep the dirt out of the house.

STORIES OF SPIES

By Albert Payson Terhune

NO. 58: DRAGA MASCHIN
The Spy Who Became a Queen

Her father was a cattle dealer who made enough cash to give his daughter a comfortable life. The girl, Draga Maschin, was a beautiful girl, and she was a spy.

She was Draga Maschin, a Serbian peasant, but in Serbia peasants have a way of getting ahead faster and further than in other countries.

For example, it was a swindler, named Karageorge ("Black George") who tore Serbia free from Turkey and made himself the little country's ruler. Another general, Obrenovitch, killed him and seized the throne. A descendant of Karageorge (Karageorgevitch) killed an Obrenovitch off the throne and took it himself.

Such a "buff" state. A better state between two great European powers used to serve much the same purpose as does a fence of chicken wire between two fighting cocks.

Spies in Clover at the Court. Such spies were always swarming with the spies of one or another of the big powers that bordered them. The Serbian court was alive with Russian and Austrian and German spies.

Many of these were native Serbians, who were glad to pick up the extra money such employment offered.

And the cleverest and most unscrupulous spy of the lot was Draga Maschin. Milan, the King, did not at all object to Draga's serving as a spy. But he wanted to profit by her spying.

He did so. She worked not only for the foreign power that paid her, but for the King—who also paid her.

Milan made no secret of the fact that he was in love with her. This position of royal favorite made her work much easier and her pay much richer.

At last the Serbians sickened of Milan's misrule and drove him from the country. His desperate young son, Alexander, was made King in his place.

Draga was fifteen years older than the boy-king. But she wanted no time in making him her slave. And at last, to the horror of all Europe, she enticed him into marrying her and making her Queen of Serbia.

There were instant rumors that the new Queen did not open her career of rule on anything the throne, but thrifly continued to serve the interests of one of Serbia's strongest neighbor states—for a heavy cash consideration.

The old proverb is peculiarly with the Serbs. In fact, she had no popularity to add to. Year by year the Serbs hated her more and more.

They grew to hate their stupid, degenerate King, too. He was misruling the little nation more disastrously than ever had his disreputable father.

They grew to hate their stupid, degenerate King, too. He was misruling the little nation more disastrously than ever had his disreputable father.

They grew to hate their stupid, degenerate King, too. He was misruling the little nation more disastrously than ever had his disreputable father.

They grew to hate their stupid, degenerate King, too. He was misruling the little nation more disastrously than ever had his disreputable father.

TO MAKE NURSING SURVEY IN COUNTY

Nation to Take Census of Nursing Resources

On account of the urgency of the nursing problem both for home and war needs, a special Red Cross survey known as the Bureau of Nursing Survey has been established at Washington, D. C., for the purpose of making a complete survey of the nursing resources of the nation, according to word received at the Fresno Red Cross headquarters in the Elderly building. A committee of seven has been appointed by the Fresno Red Cross to survey Fresno county.

The committee appointed is composed of the following: Representative for nursing service, Mrs. Virginia Appleby; Red Cross nurse, Mrs. Alma Schultze; physician, Dr. W. H. Schottelmeier; member of board of health, Dr. H. H. Brownbridge; member of board of health, Dr. C. Matthews; secretary, department, William Glass; pharmacist, A. P. Howard; Pat-Vison; pharmacist, V. W. C. A., Miss Marie Wolff.

The letter from the state headquarters states that under the direction of the surgeon general of the army and the secretary of war, all divisions of the American Red Cross have been requested to conduct, through the medium of questionnaires, a nation-wide survey of the nursing resources. The survey will be made through the agency of the Red Cross chapters, under the direction of division managers and national headquarters. It will be a complete classification of the nursing resources of the United States and will include graduate nurses, registered and unregistered undergraduates, pupil nurses, nurses' aids, and that large class of women who are so-called semi-trained nurses. Under this large group come trained attendants, midwives and practical nurses.

The authorities of San Francisco state that because of the gravity of the situation the Pacific division urges the chapters to perfect a quick and perfect organization in cooperation.

It is reported that up to August 1, 1918, the American Red Cross has supplied over 13,000 nurses. The call is for a total of 25,000 nurses by January 31, 1919.

The local committee expressed itself that the patriotism and enthusiasm of the people of the country would lead to a rapid and efficient campaign. Questionnaires will be issued, the committee reports, as soon as they are received from the chapters. The committee insists that the importance of the survey is not only in the interests of the community but in the larger interests of the war emergency.

FAIR OPEN SUNDAY AUTO RACES TODAY

Today the big auto races will be held at the Fresno District Fair, and tomorrow the gates will be opened to those who have not seen the fair, because of the war, to come and see the exhibits and the various entertainments. Sunday's program will be complete, including the military aviators, the big races and a repetition of the sensational auto smash. Different automobiles have been secured for this event. The fair will be open in every department all day Sunday. Don't forget the auto races today.

REPUBLICAN SUBSCRIBERS SHOULD PAY

As announced before by this paper, the War Industries Board, a Federal Government department at Washington, D. C., has issued the following order to the newspaper publishers of this country:

"Discontinue sending paper after date of expiration of subscription unless the subscription is renewed and paid for."

This order is a part of the nation-wide movement for conservation as a war measure. It was not initiated by the publishers but by the Government. It is an order to the publishers and must be obeyed. Consequently, every Republican subscriber who is in arrears on his subscription should pay up before October first, when this order goes into effect, and thereby make it unnecessary to have the order enforced against him.

Please do not wait for a collector to call.

AUTO RACES AT FAIR TODAY

Directors Decide to Remain Open on Sunday

**FASTEST DRIVERS
EVER SEEN HERE
TO TAKE PART**

Military Aviators to Do
Aerial Acrobatics
Over Grounds

Governor Stephens to Be
Guest of Honor
in Afternoon

This will be the big day of Fresno District fair week. Two automobile races, in which six of the fastest drivers ever seen in Fresno will participate, will make up the sporting program.

The arrival of military aviators from Mather field, Sacramento, with a Liberty loan message and the performance of air stunts by them will be another big feature.

The third big event will be the appearance of Governor Stephens, as the guest of honor of the fair on Governor's Day. Governor Stephens will make a patriotic talk.

Among the drivers who will be seen in action will be Eddie Fuller, world's champion road racer; Cliff Duran, the 1918 speed king of the west; A. H. Patterson, who has challenged Duran's right to this title, and E. M. Foster of Sacramento in a car that is said to be equally as fast as any of the others that will be seen on the track.

The track is in good shape and both fair and race officials expect to see the fastest miles ever turned on the Fresno track.

The first event on the race program will be a thirty-mile free for all, run in heats of ten miles each. Prize money will be given the winners in each heat. There are six entries.

The second event will be a match race between Duran and Patterson for a purse of \$1,000, winner take all.

The fair association has taken protective measures that will prevent the recurrence of any tragedies such as occurred the racing last year. A strong alignment fence has been built on both sides of the track, the entire length on the west side. Thirty feet behind this, a woven wire fence has been erected that will prevent any spectators from coming within 30 feet of the track.

Captain Robert W. A. Brewer of the British Royal Engineers will be referee of today's motor racing at the fair. Captain Brewer is a sportsman of note, both in England and in America. He is in America inspecting and directing the construction of caterpillars and "tanks" for the army. At present he is stationed with a California tractor manufacturing company on special service.

CAPT. R. W. A. BREWER
Royal British Engineer officer who will referee auto races today.

In heats of ten miles each. Prize money will be given the winners in each heat. There are six entries.

He is in America inspecting and directing the construction of caterpillars and "tanks" for the army. At present he is stationed with a California tractor manufacturing company on special service.

DIRECTORS VOTE FOR ADDED DAY

Will Give Many More
An Opportunity to
See Exhibits

The Fresno district fair will remain open over Sunday. This was decided upon yesterday afternoon at a meeting of the board of directors of the Fresno District Fair Association, held at the fair grounds. The bad weather, early in the week, made it impossible for large numbers to attend the fair and the fair is being held open on Sunday that they may have an opportunity to see it.

The military aviators will appear again on Sunday, another auto wreck will be staged and the rodeo will again be put on.

POSSIBLY MORE RAIN TONIGHT

Weather Bureau Reports
a New Storm Approaching;
Must Watch Fruit

The United States weather bureau last night reported that the new weather may be of short duration, and that clouds may be expected today, with possible rain tonight. The storm has entered Oregon from the northwest.

It was suggested that the fruit growers combine their efforts to get their fruit dry and under shelter or in stacks, while the good weather lasts. Rain is general in the northwest. Rainfall to date amounts to .65 inch in Fresno, about twice the normal fall.

JACOB HANSEN BURIED

Funeral services for Jacob Hansen, who died at his home in Washington, Friday, were held from the Presbyterian church at Eastern yesterday afternoon and were made in the Washington colony cemetery. Stephens & Dean had charge of arrangements.

CALL GRAMMAR SCHOOL GRADUATES

WASHINGTON, Oct. 4.—Fresno Marshall Grammar school graduates called for 2,500 grammar school graduates from 22 states and the District of Columbia to attend the annual convention of the National Grammar School Association at the Hotel McLaughlin in Washington, D. C., today.

PERSONAL MENTION

Mr. and Mrs. J. C. Hansen, of Fresno, are expected to return from a recent trip to the coast. Mr. Hansen is a member of the Fresno chapter of the United Brotherhood of Carpenters and Joiners of America. He is a well-known business man and is active in the community.

KAISER IS BEATEN IN AUTO WRECK

Fails to Get Started; Devil
Comes All the
Way

The Kaiser and the devil had a battle at the Fresno district fair grounds yesterday—a battle to see which could do the most damage to the other's car. The devil had things all his own way and whipped the Kaiser before he could get started.

This is the story of the automobile collision that was staged. For some time before the event took place, the cars paraded back and forth on the track and the great crowds were keyed up to a high state of excitement.

Then came the starting signal. The devil, in his car, got off to a good start. The Kaiser was to have met him half way on the track. A mechanic got excited, an engine was killed and the devil had to go the full length of the track and smash the Kaiser at the latter's starting post.

The largest crowd thus far this week was at the fair grounds yesterday afternoon and everything was well patronized. The grandstand and bleachers were filled to capacity and many hundreds of others lined the track.

Arrivals Overseas

VALLEY YANKS WHO ARE OVERSEAS

James Alvin Mulkey, Corporal A. C. Madison and Sergeant R. G. Fenton

Sergeant R. G. Fenton has arrived safely overseas, according to word received by Captain Kipley of the Fresno Home Guards.

Mr. and Mrs. A. M. Madison of Fresno have received word of the arrival of their son, A. C. Madison, overseas. He is a member of the front artillery, and enlisted in May, 1917. Before departing for Europe he was stationed at Camp Kearny before departing for Europe on July 31.

Grand Military ball given by the Home Guards at the Auditorium Saturday night, Oct. 5. Beginning of the season's dances.

GRAFF BEQUEATHS ALL TO FAMILY

Wife and Children Devises; A. Graff and M. L. Rowell Administrators

The last will and testament of Hans Graff, Fresno merchant, who died September 24, was filed with the county clerk yesterday. The estate is valued by the instrument at \$125,000, and Mrs. A. Graff and Arthur H. Graff are named administrators. Mrs. Graff, the widow, is the executrix for rights for letters of administration. The papers were filed by John A. Sutherland.

The devise of the will are: Mrs. Graff, the widow, a son, Theodore, in the United States army at San Francisco; Arthur H. Graff, a son, in Fresno; and Agnes E. Graff, a daughter.

The property consists of \$100,000 worth of personal property, in the form of stock in the business and corporations, and furniture, and a residence, valued at \$25,000, with a rental value of \$1,200 a year. All of the estate is community property.

The will was made March 18, 1907. Stripped of introductory legal verbiage, it reads simply:

"I leave all my property, real and personal, of every description, and share, to my wife, Margaret, the first, and my children, Agnes, Arthur and Chester Graff."

BRIGHT'S DISEASE VERDICT

As Bright's disease was given as the cause of the death of Henry H. Martin, the aged man who died in the Oakland rooming house a few nights ago, according to the inquest conducted by Coroner Bean. The body was sent to Madron by Stephens & Bean, where funeral services will be held at 11 o'clock today.

ROEDING SCHOOL GROWING

The Roeding school opened last Monday with an increased attendance and a new teacher. It will be conducted by Miss E. M. Ballard, principal, and Miss Ruth Marden and Hazel Spinkman, the latter having just been elected for the work.

High School Activities

Nell Mackay, instructor of automobile work in Fresno high school, has been selected as one of three members chosen by the vocational section of the California state board of education to enter a new line of war activity. Mr. Mackay received a letter yesterday from J. C. Bewick, director of vocational work in California, asking him to report for duty next Saturday. The order is the first step in the comprehensive plan to train tractor operators in this state before next June, the plans for this summer war work having just been completed at a conference between Bewick, tractor manufacturers, and members of the state board of education. Tractor manufacturers have entered the work with a will, pledging their entire cooperation to this new war work. Bewick states that tractor manufacturers, farmers, members of the United States food administration and others declare that there is a scarcity of tractor operators not only in this state but throughout the country. Every tractor put into the field means that much more land cultivated and consequently an added supply of food. Even the poorest kind of tractor is equal to two teams and two men in the field, states Bewick.

The new plan is to establish in California thirty-six tractor training centers. They will be financed by the state board of education and will be the first moving tractor schools established in America. In the heart of agricultural districts where the training schools will be organized there will be established three district training units. Into these districts will go advance men and women who desire to learn to operate tractors. This is followed up directly by a case in which expert gives two weeks instruction on gas engines. This kind of work is the kind in which Mackay is engaged, and he is assigned to the training center known as Unit No. 1, which starts at Madron and goes from there to Delano, then down into the Imperial valley, thence into the southern California district. The gas engine unit is followed up by the moving tractor unit, which devotes its two weeks to teaching practical tractor repair work with a third given to actual tractor field practice and the handling of scientific farm machinery. Mackay's successor in high school

Further methods for raising money for the support of the high school, adopted by the board, and possibly additional business, were discussed by the following committee: Thursday afternoon, Dorothy Kearney, Helen Phillips, Gladys Minard, Lawrence Hick, Mary Elizabeth Fox, Helen Gray, T. J. Penfield of the faculty, was also present at the meeting.

It is arranged to collect a penny per student every week to meet the expenses of the adoption. The members of the committee will explain the affair to the new students at high school some time this week.

With Liberty bond slogans for roll call, the Portias opened their second meeting Wednesday afternoon in the high school, with the newly installed president, Eunice Mae Graydon, in the chair.

The program for October 9 has been arranged as follows: The life of President Wilson before his inauguration, Helen Kearney, life of the president after inauguration, Evelyn Elymer, October 10, conditions in England during the first two years of the war, Nina Cartwright, conditions in England in 1916, Grace Graham.

Second names were proposed for membership and will be voted on at the next meeting.

INDUCTION FOR MARINE CORPS

Recruiting for the Marine corps is now open, but under the voluntary induction, according to Sergeant Abby, in charge of the recruiting station, 1011 I street, who states he may examine men for induction into the corps, but only those of the highest physical standard will be accepted. Should a man be accepted, he will not be transferred, but held in abeyance.

Men who have attained the age of 18 years subsequently to the last registration may be accepted and transferred to San Francisco for further examination.

Local boards will inform the applicant personally whether his voluntary induction into the Marine corps has been approved. As this will require some time, the applicant may not be notified for two or three weeks, and possibly longer.

Local boards will inform the applicant personally whether his voluntary induction into the Marine corps has been approved. As this will require some time, the applicant may not be notified for two or three weeks, and possibly longer.

FREIGHT DEPT. TO MOVE TO S. P.

C. H. Jasper, who recently came to Fresno as C. L. McKnight's successor, when the latter became associated with the railroad center in San Francisco, will move today from the United States railroad administration consolidated ticket offices on J and K streets to the Southern Pacific station. Jasper and his force will occupy rooms left vacant by the transmitter. Jasper stated yesterday that it was the plan of the railroad administration to segregate the freight and passenger departments. Jasper is division freight and passenger agent, and his territory includes all lines from Stockton to Mojave.

Jasper came to Fresno from the position of assistant freight agent of the Southern Pacific in San Francisco, arriving on Wednesday.

The Inyo Land company, Fresno, has received permits from Commissioner Holloway of the state corporation department to sell all of its capital stock, 600 shares, at par, \$1, for cash, as to get the full amount of the selling price. The company has 2,000 acres of land-bearing land in the Inyo Hills region, Inyo county, which it proposes to mine for the mineral.

Permits have also been granted to the Standard Potash company, Fresno, to sell all of its capital stock, 1,000 shares, at par, \$1, for cash, as to get the full amount of the selling price. The company has 2,000 acres of supposedly potash-bearing land in the Deep Springs lake region, Inyo county, which it proposes to develop for the production of potash.

FAIR OPEN SUNDAY AUTO RACES TODAY

Today the big auto races will be held at the Fresno District Fair, and tomorrow the gates will be opened to permit those who have not seen the fair, because of the rain, to come and enjoy the exhibits and the various entertainments. Sunday's program will be complete, including the military maneuvers, the big regional and a repetition of the sensational auto smash. Different automobiles have been secured for this event. The fair will be open in every department all day Sunday. Don't forget the auto races today.

Admission to the Fair Grounds for every day as usual, grandstand seats for Auto Races Saturday, \$1.00.

Y. M. BIBLE TALKS OPEN AT SANGER

Plans for the Y. M. Bible talks conference at Sanger, beginning tonight at 7 o'clock, and continuing through the day, are being carried out by the Y. M. C. A. of Sanger. The conference is being held at the Sanger hotel, and the Y. M. C. A. of Sanger is the host. The conference is being held at the Sanger hotel, and the Y. M. C. A. of Sanger is the host. The conference is being held at the Sanger hotel, and the Y. M. C. A. of Sanger is the host.

Prominent Chinese Couple to Wed at Baptist Church

The wedding of a prominent Chinese couple will take place at the Baptist church in Fresno, California, on Saturday, October 12, 1918. The bride is the daughter of a prominent Chinese family, and the groom is a prominent Chinese merchant.

WOULD OPERATE FREIGHT LINE

The Fresno Chamber of Commerce is planning to operate a freight line between Fresno and Sanger, California. The line would be operated by the Fresno Chamber of Commerce, and the route would be from Fresno to Sanger, California.

VACCINATION TIME LIMITED

All children not yet vaccinated are requested to call at the emergency hospital and get vaccinated by Saturday, October 12, according to Dr. Knutson. All children already vaccinated who have not yet received their certificates, are urged to call for them.

Fresno Republican New Subscription Rates

By Carrier 75 cents
By Mail 65 cents

PAYABLE IN ADVANCE
Effective October 1st 1918

Owing to increased costs of news-print paper and other element entering into the cost of publishing this newspaper, the publishers generally, throughout the country, have found it necessary to increase both advertising and subscription rates. The Fresno Republican is compelled to follow the same course.

The War Industries Board, a Government department at Washington, D. C., has also issued the following order, which the newspapers must obey:

"Discontinue sending paper after date of expiration of subscription, unless subscription is renewed and paid for. (This ruling to be effective October 1, 1918.)"

Fresno Republican Publishing Co.
Tulare Street and Van Ness Bldg. Fresno, Cal.

You can always be sure of getting genuine bargains here; the lowest prices and the best values.

\$50 Chiffon Broadcloth Suits for Women—Stunning Models

Never did you see such a bargain. Here is a strictly up-to-date suit—in beautiful chiffon broadcloth—a suit that would sell for at least \$50.00 in other stores, and we are more than cutting the price in half.

\$25 Blue Serge Suits in the Latest Fall Styles—for Women

Another wonderful bargain. Blue Serge Suits are always stylish. A regular \$25 suit for only \$16.95.

One of the most stylish models in coats that we have ever shown. Plush coats are in very good style, and these are fine and warm, and very hand-some, and worth every bit of the \$40 usually charged.

Another model in plush coats, the same regular \$30 values and well worth it, but our price is much less. This style has for collar and is the height of fashion.

Here is another big bargain in coats; velvet coats are in good style, and these models are certain to please you, for they are stunning, and will give good service, too. All colors, blue, green, etc.

The very latest! "Pony Skin Coats" Remember the rich beauty of crushed plush; in any other store you couldn't get this coat for less than \$40, but my price is only \$27.50.

Zibeline Coats are not only very stylish, but they will give fine service. These we are showing could not be duplicated under \$25, and where else, there is a fine choice of color and style.

Trimmed Hats Reduced

\$2.45 \$2.95 \$3.95 \$4.95
Children's Coats, \$7.00 Values \$4.45
Corduroy Velvet Coats, Only \$4.95

You will find a fine assortment of coats for the little ones; there is a big variety of styles and a big range of prices, but all the prices are much lower than elsewhere.

Walking Skirt Special

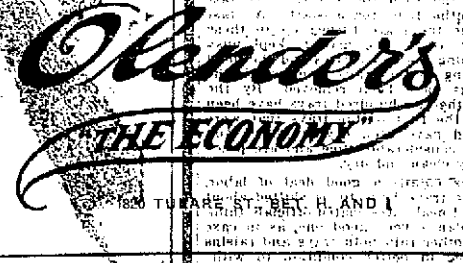

\$5 Walking Skirts \$3.98

See Here! Men

Men's \$20.00 Suits \$10.95
Men's \$22.50 Suits \$12.35
Men's \$25.00 Suits \$14.65
Men's \$30.00 Suits \$17.95

Other Big Bargains for Men and Boys

Boys' \$11.50 all wool Suits \$8.95
Boys' \$8.50 all wool Suits \$5.95
Boys' \$3.00 School Shoes \$1.95
Boys' \$3.50 Scout Shoes \$2.85
Men's \$4.00 Hats, all shades \$2.95
Men's \$3.50 Hats, all shades \$1.95

\$24.95

Never did you see such a bargain. Here is a strictly up-to-date suit—in beautiful chiffon broadcloth—a suit that would sell for at least \$50.00 in other stores, and we are more than cutting the price in half.

\$16.95

Another wonderful bargain. Blue Serge Suits are always stylish. A regular \$25 suit for only \$16.95.

\$27.50 for \$40 Plush Coat

One of the most stylish models in coats that we have ever shown. Plush coats are in very good style, and these are fine and warm, and very hand-some, and worth every bit of the \$40 usually charged.

Another model in plush coats, the same regular \$30 values and well worth it, but our price is much less. This style has for collar and is the height of fashion.

Here is another big bargain in coats; velvet coats are in good style, and these models are certain to please you, for they are stunning, and will give good service, too. All colors, blue, green, etc.

Cash and Carry Grocery Department

Van Ness Ave. at Mariposa St.

You Save Money and Time

You do not pay for service—bookkeepers—credit losses—dead stocks—C. O. D.'s—deliveries, etc. Your money goes its full length.

You will like our Location—Savings—Assortment and Quality and our System.

25 Lbs. Coast Potatoes for 75¢

Libby's Salad Dressing, 22¢ per bottle

Mill run Bran and Shorts mixed, per sack \$1.55

Loin Back Bacon by strip 33¢ lb.

Rollod Barley, \$2.15 per sack

16-oz. can Cleveland Baking Powder .30¢

More Eggs—More Money More Chickens

Lactein is a scientific product produced under perfect sanitary conditions from fresh buttermilk and whey at the creameries, cheese and casein factories of California.

15-oz. tins Del Monte Prunes 20¢

Large bottles Salad Oil, 47¢

Folger's Soda, Pkg. 8¢

Griffin's round tin Asparagus, none better, 25¢ Dozen for \$2.90

Feed Lactein To Hogs

Lactein is equally valuable for hogs. It stands to reason that if buttermilk is a good appetizer and tonic for hogs, Lactein is even better, because the acidity of Lactein is always the same. Feed it to hogs in their swill water or other feed and watch them grow. A few pounds more of pork these days makes a big difference in the profits.

Red Wing Grape Juice, take one dozen bottles for 90¢

Blue tip parlor Matches, 5¢ box.

Large packages Clover Leaf Soap Chips 27¢

H. & H. Lye, tin 10¢

H. B. Clams, extras, tin 22¢

LACTEIN SAVES THE BABY CHICKS

Lactein will cut your heaviest losses, 90 per cent in baby chicks. It prevents the dreaded white Diarrhoea and will show a much more rapid growth in weight than for chicks given the same food without Lactein.

One-cup Quality Japan Tea, 16-oz. packages 61¢

16-oz. tins, Red Label brand, White Tuna 37¢

One dozen tins for \$4.15

J. H. N. Catsup in pint bottles for 31¢

"NOW, YOU LISTEN!"

RALPH O. YARDLEY—

"I'm the fellow you said you'd 'get' with your submarine. I'm the fellow you said couldn't fight.

"But the men who wear THIS uniform have whipped your crack division - they have helped a lot to crush your drive on Paris-and they're going to be present in large numbers at your finish.

"The folks back home are backin' us, too, Bill, - they'll back us to the limit. Right now they're raisin' six billions more to keep us in ammunition, guns, clothes and 'chow'. You're in for it, Hun!

"AMERICA NEVER QUITTS."

MILLER HEIRS WIN RIGHT TO CONTEST

SAN FRANCISCO, Oct. 4.—The right of trustees and heirs of the estate of Henry Miller, "California cattle baron," to contest the collection of approximately \$1,000,000 by the state from the estate in inheritance taxes, was upheld by the supreme court here today after the state had won in the lower court.

Nellie Miller Nickel, Miller's daughter, and her husband J. Leroy Nickel, trustees and heirs, had resisted the demand for the tax on the ground that the estate had been bequeathed to them sometime previous to Miller's death. The state's demand was upheld and the complaint dismissed. This action was overthrown by the higher court today and the case remanded for trial.

INFLUENZA CHECKS TROOP MOVEMENT

WASHINGTON, Oct. 4.—American troops abroad now number 1,800,000, members of the House military committee were informed today at their weekly conference at the war department. Spanish influenza in camps and cantonments will retard shipments somewhat in the immediate future, they were told, the department having adopted the policy of not sending any men overseas who have been exposed or show symptoms of the disease.

AMERICAN STEAMER SUNK
WASHINGTON, Oct. 4.—The American steamer Herman Frasch, a small cargo carrier, manned by a navy crew and in the process of supply service, had been sunk in collision at sea with a boat of probably 50 of her crew.

FOR THEIR COUNTRY

Roll of Those Killed or Wounded, as Announced by U. S. Government Yesterday

Section One, Army List

The following casualties are reported by the commanding general of the American Expeditionary Forces:

Killed in Action

Lieutenants

Donnam L. Curtis, Northampton.

Helen J. Jones, Helena, Mont.

Sergeants

Charles H. Borden, Columbus, Ohio.

Robert C. Brown, Springfield, Ill.

W. S. DeForest, Rochester, N. Y.

YOUNG WOMEN WANTED FOR TELEPHONE OPERATING

Young women desiring to obtain permanent employment at a good salary should investigate the many opportunities offered by positions now available in our operating department.

Telephone operating is interesting work and is particularly important at the present time. The working conditions are excellent and special provisions are made for the comfort of employees. Previous experience is not required and each employee is given a short course of training with pay.

Further information may be obtained and applications will be received at the office of the District Traffic Chief, second floor, 2028 Tulare St.

POSTPONE BUILDING OF MERCED SCHOOL

MERCED, Oct. 4.—The construction of the long-desired new building for the Merced union high school, for which bonds of \$100,000 were voted in June, 1915, and which has been delayed by site problems, must now be deferred until after the war, according to the non-war construction ruling of the War Industries Board. A letter from Trustees C. D. Martin to the War Industries Board in Washington brought a reply from D. R. McLennan, chief of the non-war construction section of the priorities division, attaching a copy of the circular setting forth the new restrictions placed on construction work, and stating:

"In view of the shortage of labor and material, we are asking that all school construction projects be postponed until the war shall have been won. This action is necessary if we are going to give 10 per cent support to our war program."

"This may mean some inconvenience but if you can possibly arrange to postpone until the war is over, the material situation adjusts itself you will be materially assisting in supporting the war program."

ARRANGE SCHOOL COURSES

TULARE, Oct. 4.—There will be a number of courses given at the Tulare high school at night during the coming term. These will include bookkeeping, shorthand, typewriting, penmanship, French and Spanish. Other courses will be given if a sufficient number of applications are received. All who wish to take such instruction are asked to report to the high school at 7 o'clock next Tuesday night.

CHANGE TROPHY TRAIN TIME

TULARE, Oct. 4.—After twice changing the time originally set for the arrival here of the now famous "Trophy Train," it seems that the last schedule, arranged may stick. This time is 4:35 p. m. on Monday, October 7.

GOV. STEPHENS TO ADDRESS MINISTERS

BAKERSFIELD, Oct. 4.—Gov. William D. Stephens will address a patriotic meeting to be held at the high school auditorium tomorrow evening in connection with the meeting of the M. C. conference, which is in session here. The gathering will be the largest meeting of the season, and a fine program of patriotic music has been arranged for the occasion and for the entertainment of the visiting ministers.

Tomorrow Rev. Mordecai N. Smith of Pasadena, who has returned after six months in Y. M. C. A. work in the trenches, will tell of his experiences at the war front.

Bishop Wilbur P. Thirkield gave an address at the session today on the topic of "The Preacher's Vision and His Message." The session today was taken up largely with the business of the conference.

Sunday the several pupils of the city will be filled by the visiting pastors. The conference proper will end Monday afternoon at 2 o'clock, when the announcement of the assignments of pastors will be made.

TULARE PAVING IS TO BE COMPLETED

TULARE, Oct. 4.—It is believed that now all difficulties which stood in the way of the contemplated paving that is to connect this town with the state and county highways, the contract for which was let some months ago, are cleared away. A letter has been received by the city council from the federal highway council announcing that work which is under way may be finished with materials purchased up to November 1. Contractor J. E. Leo of Pasadena, who was awarded the contract for the local work, went to Fresno this morning to make arrangements for the delivery here of the paving materials which he purchased there some time ago.

ASKS INCREASE IN HANFORD GAS RATE

HANFORD, Oct. 4.—That they could not operate under present rates and remain solvent, that they had operated at a loss for the past seven months, and that the company had never paid a dividend, were points presented today to the Hanford Gas & Power company at the hearing of the company's application for an increase in rates. Commissioner Harry A. Enck presided. The facts and figures presented, there being no opposition, were taken under consideration by the commission, with the belief that the increased rate will be allowed.

NAVAL MAN VISITS HOME

WOODLAKE, Oct. 4.—Addison Kilgore, a former Woodlake boy, is enjoying a few days leave of absence from the United States navy, which branch of the service he enlisted in prior to this government's entry in the great conflict. He has attained the rank of a warrant officer, and has crossed the Atlantic once, a member of a supply ship crew, as well as to have visited at Siberia port. Previous to that he was stationed in Alaska waters.

GETS LIMIT OF DEER

WOODLAKE, Oct. 4.—Mr. and Mrs. Jefferson J. Davis returned to their home in the Antelope valley district last evening after a three weeks' sojourn in the Mineral King and Big Horn districts, hunting deer. The former with successful in this respect, landing a four-pointer as well as one with five prongs which proved a limit for the season. They state that during the past several days of the trip heavy rain storms were experienced with an occasional light fall of snow, and that indications point toward a rapid fill of the St. John's river, one of the leading sources for irrigation purposes in this part of the valley.

HONOR FLAG IS AWARDED

RIVERBANK, Oct. 4.—This city has been awarded an honor flag for going over the top in the Fourth Liberty loan. The quota for the city is \$16,000. To date \$25,000 has been subscribed. The city raised six times its quota in the third loan.

GOV. STEPHENS TO SPEAK IN MERCED

MERCED, Oct. 4.—Gov. W. D. Stephens is on the list of patriotic speakers invited to take part in the program of the second annual farm bureau picnic to be held in Courthouse park on Saturday, October 19, concluding day of the Liberty of the Liberty Loan drive.

G. M. Homans, state forester, will be present to talk on the subject of fire protection. Speakers are to be selected to talk also on the subject of rural motor transportation, war time drives and other timely matters.

The annual election of farm bureau officers is scheduled for the picnic. A large crowd of farmers with families is expected from each farm center.

LOSS FROM RAINS LIGHT IN TULARE

VISALIA, Oct. 4.—Work of salvaging the rainy crop which has been going ahead with increased energy since the sun came forth yesterday morning, has brought about the declaration from several prominent raisin men that the crop loss will not be as heavy in Tulare county as was anticipated. Yettom grows is visiting Liberty loan headquarters today reported only a 25 per cent loss. They were, however, deeply grateful for the rain, which had it been a day later, would have found the crop nearly half ruined, they stated. As it is the mold has been overcome to a large extent though growers are still turning and sulphuring.

Births, Deaths and Marriages in the San Joaquin Valley

BORN

HARMONSON.—In Tranquility, October 2, 1918, to the wife of R. L. C. Harmonson, a daughter.

WELLS.—Near Bowles, September 27, 1918, to the wife of R. C. Wells, a daughter.

PURSELL.—Near Fowler, September 29, 1918, to the wife of R. W. Purcell, a son.

BAUMERT.—In Madera, October 1, 1918, to the wife of A. V. Baumert, a son.

LICENSED TO WED

LYON.—In Merced, James B. Lyon, 37, of Livingston, and Pearl M. Fox, 27, of Stevenson.

RAID VISALIA GAMBLERS.

VISALIA, Oct. 4.—Holding at an approximate time, Sheriff Carl Smith, assisted by Officers Paul, Rowland, Powell and Latine, last night raided eight gambling places and six Chinese into a gambling act which had been set in an alleged business establishment on east Main street. The second raid in a week on the same establishment.

TURKISH MINISTER RESIGNS

AMSTERDAM, Oct. 4.—The Turkish minister of the interior has resigned, according to a Constantinople message today.

PLANS TO PROTECT GRAIN DISCUSSED

HANFORD, Oct. 4.—That all packing houses in Kings county are well protected against fire but that few of the grain elevators are extensively protected, was discussed at a meeting Tuesday afternoon at which the county council of defense and board of supervisors participated. Bagley is the principal grain stored, wheat being handled as rapidly as possible. The barley is not moving as rapidly in this part of the United States as elsewhere and consequently that grain remains some little time in warehouse. However, the supervisors are of the opinion that it would take \$20,000 adequately to protect all elevators where foodstuffs are stored, including the farms which would demand protection, if a system were evolved. The board and the members of the council agreed that the expense should come upon the owners of the grain and foodstuffs stored, as they really are the ones benefiting through the storage, by reason of the increase in price. The supervisors hold that there is no authority for using public funds for this purpose and with the status presenting itself the meeting adjourned, with those participating charged with the mission of thinking the situation over to endeavor to reach some solution of the question whereby ample protection may be provided and still have the charge rest on the proper persons.

ELECT OFFICERS OF LADIES' AID

PATTERSON, Oct. 4.—The Ladies' Aid of the Methodist church held a social and business meeting at the home of the president, Mrs. R. B. Allen, last Tuesday afternoon. A fine program was given. Officers were elected for the new year, as follows: Mrs. Allen, president; Mrs. Moriarty, president; Mrs. Annie Wall Barnett, secretary; Mrs. Durr, treasurer; Mrs. Duncan, chaplain. Mrs. E. D. Redman read an excellent paper on "Christian Patriotism," which was the subject for the afternoon. Mrs. Durr gave an instrumental number. Mrs. Ralph Truman sang a solo. Mrs. H. P. Burk read a letter from her mother, who was there. There were question slips, roll call, a short talk by Rev. T. E. Welher, and Annie Wall Barnett read an original poem which has lately been published in the local paper. Refreshments were served. Mrs. and Miss Mary of Yuba City, have been visiting at Fresno, and stopped over here to visit her folks enroute home. He is a machinist at the Mare Island navy yards.

RECEIVED FROM STOMACH

Another patient of the Pendry home on Fifth street.

Jacob Smith, son of Mr. and Mrs. C. M. Smith, now at Camp Kearney, is out of detention and is now at base hospital. He reports that he is well and likes his position.

Rev. E. E. Welher expected to have his first Los Angeles this week, having been delayed with the Methodist church pulpits on Sunday morning and in the evening the Methodists will attend the Presbyterian church.

Patterson's quota of second-hand clothing for the Belgians was 100 pounds. This load of goods has just shipped over 1200 pounds.

Dr. L. B. Perdue and family have moved to Oakland and the little son of Mrs. Perdue, their daughter, went with them to attend school.

Mr. Joghlin, president of the Patterson bank, has moved his family into the 11th ward home lately vacated by the family of Dr. Perdue.

The new buildings of the Mineral Products company, covering about two acres floor space, are about completed and men are busy installing new machinery. The company has about 70 men on its payroll now.

A recent letter received by Mr. and Mrs. Wm. Bishop from their son, Arthur, now somewhere in France, states that he is well and gaining in weight right along.

T. H. Hugh returned the first of the week from Pacific, where he was called to attend the funeral of his uncle, Philip T. Wash.

Mrs. J. R. Tannhill has returned from a ten days' visit with friends at Santa Cruz.

PLAN TO OBSERVE 6TH ANNIVERSARY

CHOWCHILLA, Oct. 4.—Chowchilla will observe the sixth anniversary of the opening of the first auto race track, with a program of music and dancing in the evening to be followed by a picnic. The date is anticipated by these dates this year on account of Columbus day, the local committee believing it would be well to make one affair for the two anniversaries. There will be a small admission fee for the dance, the funds to be used in paying for a community service flag. Chowchilla has sixty boys in the army and navy.

The Deer Flax company, which took over 2000 acres recently of the Chowchilla ranch for improvement and sale in small farms, has increased the acreage to 8000, and added with the county defense board to put in 1000 acres of wheat bearing land to be used in the increase that is asked of this county over the wheat acreage of the present year.

A. Robertson and daughter of Sacramento are spending the week-end here, while Mr. Robertson is looking after his large business interests at Chowchilla.

Many Chowchilla people attended the fair at Fresno this week.

Twice during the week there were observed passing over Chowchilla on the way from Madera field to the Fresno fair and return.

A. Robertson and his family, to San Francisco on Tuesday.

Seventeen teachers are employed in the public schools of the Chowchilla ranch, where 1000 acres and the inhabitants were cowboys and Chinese.

Kilgus, Karl, Richard Pabstine and Charles J. Sullivan are three young men who left here during the past week to enter military student training classes.

SAMMIE DANCE

You are invited to attend the Sammie dance Saturday evening, October 5, at the L. E. S. hall 8-10. Everyone assured a good time.

Grand M. H. Ball given by the Home Guards at the Auditorium Saturday night, Oct. 5. Beginning of the season's dances.

Admission to the Fair Grounds are over due as usual grandstand seats for Auto Races Saturday, Oct. 5.

32-33 for 1918 when gears. Just a few left. W. J. O'Neill Co.

All the New Leathers for Fall

Here you will find the latest New York Fashions, brim full of dash and style.

Popular Havana Brown in all over Kid, with military and fall covered French heels.
Priced from \$10.00 to \$15.00.
Same in fine cloth tops, \$8.50 to \$10.00.

Cruiser and Battleship Gray in all over Kid, with covered Cuban and French heels, \$12.00 to \$15.00.
Same in fine cloth tops, \$8.50 to \$11.00.

Other styles and colors too numerous to mention.
See our window display.

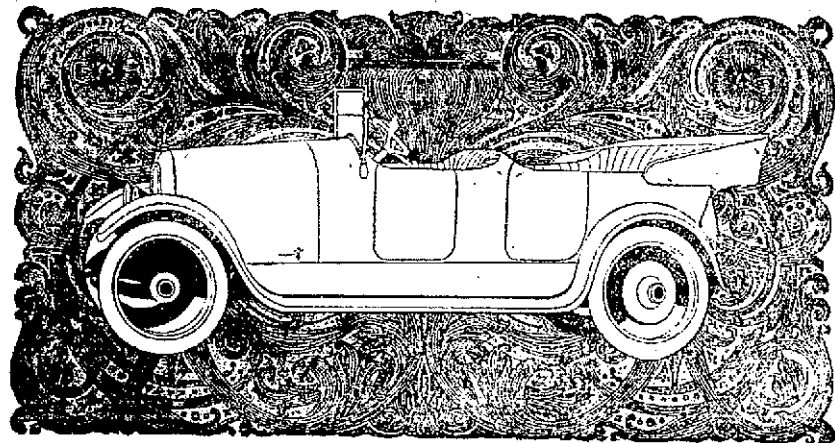

You can bring your children to Bagley's with the assurance that their feet will be properly taken care of. We carry all widths and have a wide range of styles to choose from and we guarantee the fit.

INDICT NINE FOR SEDITION TALK

SACRAMENTO, Oct. 4.—Nine persons, four of them residents of Stockton, Cal., were charged with making seditious utterances in separate indictments returned here today by the United States grand jury. But in each case was fixed at \$1,000.

The following were named in the indictments:

Charles Menne, W. G. Williams, an attorney; William Geiger and Mrs. Simon Leozono, all residents of Stockton; Mrs. T. Winn, Sonoma; Felix Gross, California; Cal. William; Peter, former of the smaller stables, shortly before noon and without a word shot the man in the head, wounding him, but it is believed not seriously. Sharpels then held on company was at the point of a pistol and compelled the driver to take him to the house on the hill.

Refusing to surrender, the man was hoisted by a posse and after a battle in which hundreds of shots were fired, Sharpels was killed.

It is not known definitely, however, whether the man shot himself or was struck by a bullet from one of the posse. Mrs. Sharpels, who was in the house, was allowed to leave before the battle began.

Sharpels was prominent in Casado county and belonged to one of the pioneer families. He had made threats against Sommers, declaring that the latter had paid too much attention to Mrs. Sharpels.

SLAIN IN BATTLE WITH OFFICERS

GREAT FALLS, Mont., Oct. 4.—Frank Sharpels, manager of the Fort Lee, La., company, in a battle with a Sheriff's posse in a big stone house on the hills near the R. and M. smelter this afternoon, was shot through the forehead and killed.

Sharpels called on Thomas Sommers, former of the smaller stables, shortly before noon and without a word shot the man in the head, wounding him, but it is believed not seriously. Sharpels then held on company was at the point of a pistol and compelled the driver to take him to the house on the hill.

Refusing to surrender, the man was hoisted by a posse and after a battle in which hundreds of shots were fired, Sharpels was killed.

It is not known definitely, however, whether the man shot himself or was struck by a bullet from one of the posse. Mrs. Sharpels, who was in the house, was allowed to leave before the battle began.

170 NEW VESSELS OUT IN SEPTEMBER

WASHINGTON, Oct. 4.—One hundred new-going vessels, 46 steel and 54 wood, aggregating 301,133 gross tons, were completed in American shipyards during September. In addition, 70 non-going vessels of 1,027 gross tons were built during the same period. This is a greater tonnage than was built the whole fiscal year of 1915. During the nine months ended September 30, the total of new-going and non-going vessels built was 1,337, of 1,722,720 gross tons.

"LIBERTY BOND" LEADING PERSHING'S YANKS ON TO BERLIN AND VICTORY

Frank G. Mitchell, a Fresno artist, painted this poster to symbolize the spirit of the Fourth Liberty Loan drive. It shows Pershing's soldiers going over the top over there, just as Mitchell says Fresno will go over the top in the big loan drive over here. The original is done in oil and is 25x38 and the costume in the picture was worn by Miss Nita Sunderland in the Raisin Day celebration.

GERMANS NOW USE GENERAL RESERVES

PARIS, Friday, Oct. 4.—Germany is now throwing in general reserves into the battle on the St. Quentin front. This marks the beginning of the last phase of the great battle. Notwithstanding violent counter-attacks, the Allies continue to make gains. British armies commanded by General Byng and General Rawlinson continue to press the enemy hard. They have captured Le Cateau. General Debeny, east of St. Quentin, is slowly pushing the Germans back toward the upper Oise valley. General Berthelot is continuing his advance north of Rheims and has now occupied the whole Aisne line from Vailly to Berry-au-Bac. Principal interest centers about the operations conducted by General Gouraud in the Champagne sector. Reinforced by the Americans, General Gouraud has pushed forward until he is now within six miles of Vouziers Junction, a base of great importance, and is twenty-five miles from the

ITALIANS FOLLOW FLEEING AUSTRIANS

ROME, Oct. 4.—On a front of fifty miles the Italian forces in Albania continued to advance during the day yesterday, the war office announced today. In addition to occupying Berat they are advancing to the direction of El Basan and in the Devoli valley. An Italian column has crossed the Semra river in western Albania and has pushed across the plain of Nivakia, on the Lyshana river, which was an important enemy supply center. LONDON, Oct. 4, 1:30 p. m.—(By The Associated Press.)—Austro-Hungarian forces in Albania are retreating in considerable disorder before the advancing Italians. The Austrians are blowing up their depots. WASHINGTON, Oct. 4.—To meet the big demand for small coins, a bill increasing the minor coin fund of the United States mint from \$200,000 to \$100,000 was passed today by the House and sent to the Senate.

BELL TO BEGIN FIGHT TOMORROW

SAN FRANCISCO, October 4.—Theodore A. Bell, independent candidate for governor, is to open an informal campaign in Los Angeles Saturday afternoon with a reception to political leaders in one of the principal hotels, he announced today. Bell's active campaign will not start until after the Liberty loan drive is completed. He is twenty-five miles from the

NEW YORK TROOPS IN HEAVY FIGHTING

Many Wonderful Stories of Individual Heroism Are Told

WITH THE BRITISH FORCES IN FRANCE, Oct. 4.—(By The Associated Press.)—New York divisions co-operating with an Australian corps north of St. Quentin, encountered the severest opposition, and although suffering heavy losses, fought with the greatest bravery, according to an officer of the Australian troops in a telegram which he sent today to the general in command of the New York soldiers. The Australian officer said that from a personal reconnaissance made by him over the battlefield east and northeast of Duncan post, it was evident the Americans of the division from the outset met with determined opposition. They pushed forward in the face of an enfilading fire from German machine guns. "The dead, of whom there were large numbers," the Australian officer wrote, "were all lying with faces toward the front. Not a man was moving backward when he was killed." Further stirring stories of individual cases of heroism are now available. Father Frank Kelly, of Albany, N. Y., went over three different trips with the men in one day and administered to the badly wounded. He finished the day with his hair white. Lieutenant Ford Terry, formerly a New York public accountant, was with his platoon in advance of the American barrage when the Germans came in from the flanks and forced the Americans to take shelter in shell holes. Corporal Arthur Leander, of New Jersey, offered to go back through the barrage for help, but the lieutenant refused to allow him to sacrifice himself. Soon Terry split his men into groups of three and they started to fight their way back to their own lines. They climbed from the shell holes and with grenades gradually forced their way back and reached their lines just as other advancing Americans came something through. On the way back to their own lines, Terry's men saw a dead American captain lying in a shell hole. He had five empty cartridges in his pistol, and there were five dead Germans lying almost on the outer lip of the crater. Twenty New Yorkers who were giving theatrical performances were with the division when it went into action. They immediately formed the line into stretches, hurled their weapons and carried off many wounded under heavy shell fire. Some of them were Sid Mercer, Russell Brown, James Fallon, Stanley Hughes, Stanley Wood, Harry Gribble, Jack Roach and Edward Crawford. Among the prisoners captured by the Americans during the battle was a New York German, who immediately offered to carry the wounded. He laughed and joked with the Americans, speaking excellent English. He had a diary written in English.

TAKE MANY VILLAGES WEST OF THE MEUSE AND IN CHAMPAGNE

(Continued from Page 1.)

man rations, which invariably were had and unfit to eat. It was on the 25th of September that the Germans ordered the villagers of Lez-lez-lez to evacuate the place, but many of them hid in cellars or in the suburbs of the town, where they remained until the British entered. The Germans told the villagers that they would like to surrender to the Scots troops, but that the Scots had the nasty habit of cutting the throats of the Germans when they caught them, and therefore they were afraid to take a chance. The Germans, the villagers said, also told them terrible things the British would do to the villagers when they entered the town. According to the villagers, many German horses have died in Flanders because there was no food of any kind for them, and the German automobiles are running on their rims because the Germans have no tires.

Now Six Battles

WITH THE FRENCH ARMY IN FRANCE, Oct. 4, 2 p. m.—(By The Associated Press.)—The four great battles that have been in progress since September 26 from the Flanders to the Meuse were increased to six by the entry into action of General Dubony's men around St. Quentin and General Berthelot's forces northwest of Rheims, and all were being dealt with the Germans in this stronghold. The endurance the Allies have shown in sustaining with undiminished ardor the severe struggle over so extended an area against such formidable works surprised the enemy. There were many indications that the Germans expected that the situation would have obliged the Allies to stop for a breathing spell long before this.

U. S. Casualties Moderate

LONDON, Oct. 4, 4:30 p. m.—The American casualties in the heavy fighting in the Argonne region are described as moderate. The Germans have been unable to maintain their usual artillery fire and undoubtedly are beginning seriously to feel the loss of the large number of guns captured from them all along the western front.

WILL PUNISH HUNS FOR DEVASTATION

PARIS, Oct. 4.—The French government has issued a solemn warning to Germany and her allies that the devastation of territory from which they retreat will be punished inexorably. The warning says the German people who share in the crimes will bear the consequences with the authors and that those who order the devastation will be held responsible, morally, penalty and pecuniarily. It was added that France is now discussing with her allies the steps to be taken.

U. S. WILL SUPPLY OWN POTASH SOON

Utilizing Many Available Sources Throughout Country

WASHINGTON, Oct. 4.—Dependent almost wholly upon Germany for potash at the outbreak of the war, the United States within two years will be able to manufacture enough of the mineral to supply the nation's needs. Secretary Lane made this announcement tonight in reviewing the progress made by private concerns and the department of the interior in developing means of producing potash. "Germany has thought all along, and still thinks, no doubt, that she has a whip-hand over America because of her supply of potash," said a statement issued by Secretary Lane. "But America can in two years become entirely independent of Germany in this regard by the development of her own deposits, and the use of processes devised by the department of the interior."

In addition to the manufacture of potash from the brine lakes of California, Nebraska and other states, from help or seaweed of the Pacific coast, and from various minerals, the secretary said that through processes discovered by Dr. Frederick C. Cottrell, potash was now being made from smelter blast furnace and cement plant by-products, which heretofore were considered not only useless, but injurious. Future work on smelting, but being used in the manufacture of the mineral, while from the dust of cement plants experts have figured, the potash produced soon will reach 100,000 tons annually. The cleaning of blast furnace gases of potash is being made. It has been found that best iron ores for producing potash are found in the South, where more than 50 per cent of the potash is needed, mostly for the recovery of blast furnace gas. It is estimated that will yield from 5,000 to 10,000 tons of potash yearly. Secretary Lane disclosed that the whole of Seale's Lake, in California, has been leased by his department to a number of companies who have undertaken to erect plants for the recovery of potash from brine. From alumina and leucite, two minerals hitherto regarded as worthless, potash is being obtained in Utah and Wyoming.

MANY ARMENIANS HELP DRIVE TURKS

BOSTON, Oct. 4.—Announcement that Armenian volunteers, many of them from this country, participated in the British victory over the Turks in Palestine, under General Allenby, was contained in cables messages received today at the headquarters here of the Armenian National Union of America. Officials of the union here explained that the fact that Armenians were fighting in Palestine had not been made known heretofore because of the fear of massacres of their countrymen by the Turks.

WILLIE RITCHIE WHIPS FOUR ST. LOUIS COPS

ST. LOUIS, Oct. 4.—Sergeant Willie Ritchie, former lightweight champion, whipped four policemen who attempted to arrest him for wilful disturbance of the peace here today. He was turned over to military authorities at Jefferson barracks.

Football Schedules Are Given New Life

CHICAGO, Oct. 4.—Football schedules of the "Big Ten" universities were given new life instead of a death sentence at a special meeting today of western conference faculty representatives. The program will be carried out as originally planned, except the month will be set back until November and the season lengthened until the Saturday following Thanksgiving. Professor Thomas E. French, of Ohio State University, who held the athletic situation to Colonel R. L. Rees of the army general staff, who is in charge of the student army training corps, maintained that all the universities, told the faculty representatives that the war department was strongly in favor of intercollegiate athletics, particularly football, because of its value in military training, and desired to encourage competition. The original order, however, prohibiting games requiring out-of-town travel during October will stand; but under the new interpretation of the ruling four and possibly six important games will be played by each university in the conference during November.

Coast Campaign

SAN FRANCISCO, Oct. 4.—Subscriptions to the fourth Liberty loan in the twelfth federal reserve district actually in bank, amounted to \$52,650,000 tonight, according to George K. Weeks, campaign manager. The district's quota is \$102,000,000. Nevada is conducting an intensive campaign, which is expected to produce slower but larger subscriptions. Utah is making the greatest showing in number of subscribers. The counties of northern California, exclusive of San Francisco, have purchased to the amount of \$36,253,500. This is 45.4 per cent of a quota of \$77,162,450. Trinity county joined the list of those which have ever subscribed their quotas with \$37,000 as against a quota of \$31,750. The first week of the San Francisco campaign has resulted in a total of \$28,333,490, according to Weeks. National Woman's Day will be celebrated here tomorrow with elaborate exercises. The standing of states in the twelfth district, according to subscriptions actually in bank, was announced tonight by headquarters to be as follows: Oregon, Utah, Idaho, Arizona, Nevada, Northern California, Washington, Southern California. Both the state of Oregon and city of Portland are well "over the top," their quota being \$58,705,350.

Men Arranged For Monday Night

Expect 1000 More Men to Join Present Class of 500 for Training

National Guard Officers Report Great Progress; Crowder's Plan

A grand rally of the drafted men of Fresno city and vicinity will be held in Fresno Monday night, when the 500 men already being trained by the National Guard officers and Spanish War Veterans will parade through the business streets with beating drums and the martial music acquired since the first mass meeting at the auditorium a week ago. Although never before did so many men turn out for drill as at the last meeting, it is expected to more than double the enrollment Monday night.

There are over 2,000 drafted men in Fresno. So far only about 15 per cent have reported for training. Many of these men are reporting night after night, and are already in line for early promotion at the camp. Equal opportunity is open for all.

Protest Marshal Crowder has instructed the formation of training classes, and has urged that every draft man in America fit himself for intensive war training by attending these drills. Experienced National Guard officers and drillmasters have offered their services without pay. If possible the auditorium will be secured for the drill. There will be a strong ten-minute talk and then short, snappy drills for experienced men, and easier drills for beginners. But every man will get a good lesson the first night. The Eagles' drum corps has volunteered for the parade, which will start at 7:30 o'clock from the Armory.

Men Prove Interest.

"If there is not enough in the auditorium and the armory, we will have miles of streets," said Lieutenant Per-

Ready For Duties

Rev. John Freeman Mills, the new pastor of the First Baptist church, will begin the duties of his pastorate tomorrow, when he will conduct both services.

Dr. Mills arrived in Fresno yesterday morning after spending a few days with friends in various parts of California on his way from Vancouver, B. C., where he was minister of the Calvary Baptist church. Dr. Mills is a graduate of the University of Toronto and of the divinity school of the University of Chicago. Before coming to Fresno he has been in charge of four churches, since he was ordained as a minister, and has taken a leading part in the councils of his church.

and today last night. "The progress of the men this week has been beyond all expectations, and the men who know nothing at all of what Uncle Sam expects of him will get the advantage of drilling in squads with men who have gotten a start."

"Every man 18 to 45 years old, whether he has received his questionnaire or not, should drill now. He can come Monday, Tuesday, Wednesday or Thursday night or all the nights."

Major Ed Jones will have more time to devote to the drill next week; Captain S. L. Gallaher will be on hand every drill night, and there will be plenty of instructors.

Captain Gallaher helped organize a company at Clovis last night. Men in the "Tranquillity" section are planning to organize.

Men not taking the training are advised to ask the men who are drilling, or to report at the armory at 7:30 o'clock at night. There will be no drill tonight, but every man is expected Monday night.

GET TWO SUBMARINES

ROME, Oct. 4.—American submarines destroyed two enemy submarines yesterday during the bombardment of Durazzo. It was officially announced today.

By Labor Council

Declare Hawson Voted Against Labor Measures

Fresno Labor council went on record as endorsing H. E. Hawson for congress at its meeting last night, and it was announced that a call will be made to every labor organization in the district to support its action.

The reason advanced by the Labor council for its action was that Henry Hawson, the Democratic candidate, as assemblyman had voted against every labor measure presented to the assembly during his incumbency. They declared that it was going to publish his legislative record in the Labor News, of this city, and this will be come part of the record which the council will send to the American Federation of Labor.

A public discussion on the new city charter is announced by the Labor council to be held in the Union hall next Friday night at 8:30 o'clock. The council has invited two speakers to present the objections to and the recommendations for the proposed charter. The men chosen to lead the discussion are William Glass, against the charter, and President C. L. McLane of the Fresno State Normal school, in support of the charter.

A communication was received asking the council to form a branch of the American Alliance for Labor and Democracy. It was stated that the alliance has been formed for the purpose of securing the co-operation of labor in the prosecution of the war. The request stated that the alliance is a medium through which the trades unions of the country could express their loyalty, and would form a means through which they could co-operate with other organizations in war work.

It was announced that Dan Dorgetti, who was elected as delegate to the state federation of labor conference in San Diego, had found that he would be unable to go, and the council appointed John O'Brien, of the cooks and waiters' union, to take his place as the council's delegate.

Credentials were received from several members for the cooks and waiters' union and the bakers' union.

Collins Burial Near Academy

Officials of City and County Among Those Attending Final Rites

Fresno citizens in great numbers yesterday gathered with the immediate friends and relatives of the late James D. Collins to pay their last respects to this pioneer citizen. The main hall of the Masonic temple was crowded at 10 o'clock, when the exercises were begun by the officers of Fresno Lodge, No. 247, F. and A. M.

T. J. Hammond, past master, conducted the ritual. Mrs. Arch. Jack sang "Nearer, My God, to Thee" and other anthems, and a short sermon was preached by Rev. Joel Redgepp, who was a pioneer minister of the Methodist Episcopal church South, in this district, and an early associate of the deceased. Mr. Redgepp emphasized the innate kindness and thoughtfulness of his friend, pointing out that his religion was expressed in a persistence in good deeds rather than in emotional exaltation.

The funeral procession was then formed to conduct the remains to the cemetery at Academy, twenty-five miles northeast of this city, near where Mr. Collins spent his young manhood, and where so many of his friends lie buried. Under the oak on the crown of an outstanding hill, the final rites were conducted by W. P. Dunn as acting master of the Masonic lodge. Mrs. F. H. Connelly sang "Jesus, Lover of My Soul."

Those who accompanied the body as pallbearers to the final scene were Messrs. E. D. Edwards, D. C. Sample, M. K. Harris, W. O. Miles, Chris Jorgensen and J. D. Simpson. The members of the board of supervisors, of which W. A. Collins, one of the deceased, is a member, attended the rites in a body, and Horace Thorwaldson, one of his successors in the office of sheriff, was one of the many officials present. Members of the police department of Fresno assisted in the street arrangements, in addition to the many who accompanied the body from Fresno to Academy, residents of the foothill districts from far and near met the cortege at the cemetery.

PETER WARREN TRAIN VICTIM.

Peter Warren was the name of the man killed by the Southern Pacific train at Monterey street Monday, according to Coroner Bess, who held an inquest yesterday. The funeral was held at 4 o'clock yesterday, and interment was in Mountain View cemetery.

PACKERS SELL STOCK

The Modesto Packing company, Modesto, has received permits from Com. missioner Bellows to sell 250 shares of its capital stock at par, \$100, for cash. This company proposes to build and equip a meat packing plant near Modesto.

WELCH FUNERAL HELD.

Suicide was the verdict given to the inquest held on the death of George C. Welch, the Dunlap man, whose body was found in a big tree on a ranch near Fresno yesterday, according to Coroner Bess. Funeral services were held at 2 o'clock yesterday and interment was made in Mountain View cemetery.

Children's Eyesight

Frequently apparently stupid children are handicapped by defective eyes rather than dull brains. Before school starts, let us examine your child's eyes. Correctly fitted glasses will place the child in the "smart children" class.

In France Alone Your Liberty Bonds Have Built

The biggest military seaport base in the world.
The biggest military base hospital in the world.
The biggest staff training school in the world.
The biggest locomotive roundhouse in the world.
The biggest field bakery in the world.
The biggest system of military equipment warehouses in the world.
The biggest cold storage plant in the world.
The biggest foreign automobile storage depot in the world.
The biggest single warehouse for stock proven in the world.
The biggest junkshop in the world.
The biggest gasoline storage plant in the world.
Next to the biggest training camp for aviators in the world.

The United States Government now asks you to do your full duty as an American in buying every bond you can in this Fourth Liberty Loan.

No man, rich or poor, capitalist or laborer, has done his share until he has bought all the bonds he was the cash to pay for and all he can possibly pay for on installments in the months to come.

Thank God you are able to buy Liberty Bonds, and then go and buy them bright and early this morning.
